FOR IMMEDIATE RELEASE

March 31, 2015 (Beaverton, Ontario): The Canadian Council of RN Regulators (CCRNR) is pleased to announce the release of the 2015 Canada-wide report on the entry-to-practice exam for registered nurses. The NCLEX-RN was implemented in 2015 by provincial/territorial regulators, replacing a previous pen-and-paper exam.

Canada's regulators are confident the new exam is meeting their obligation to ensure new nurses are able to provide safe care to Canadians. They are also confident in the country's universities and colleges that are providing the RN nursing education graduates need.

To find out more about NCLEX-RN results from a provincial or territorial regulatory body, please see contact information below:

The Canadian Council of Registered Nurse Regulators (CCRNR) CCRNR, formed in 2011 to promote excellence in professional nursing regulation, is an organization made up of representatives from Canada's 12 provincial/territorial bodies that regulate the practice of registered nurses. CCRNR serves as a national forum for interprovincial/territorial, national, and global regulatory matters for nursing regulation.
